

Adaptec® VideOh! DVD Media Center/PCI Edition

The all-in-one solution to turn your PC into a Media Center

Adaptec® VideOh!™ DVD Media Center PCI Edition provides an all-in-one solution for watching, controlling and recording video and TV on your PC. The PCI card solution easily captures analog video from camcorders, VHS tapes, and digital media to convert into MPEG-1 or MPEG-2 (DVD) format. As a personal video recorder (PVR), Media Center allows you to record TV shows, pause, instant replay, fast forward and rewind, as well as burn onto DVD or video CD. It also includes Sonic™ MyDVD™ video creation software to edit, author and burn video clips and manage photo slide shows.

You control the action!

DVD Media Center lets you control how you watch TV. Simply activate time-shift mode and you're ready to control live TV – Pause, Rewind, Instant Replay, Fast Forward, or Skip the boring parts.

Personal Video Recording (PVR)

Use the included remote control to surf live TV or select programs to record. Access the online Electronic Program Guide to schedule recording of your favorite TV shows.

Digital photo album

VideOh! DVD Media Center makes it easy to craft customized slide shows of your digital photographs. It takes just a few clicks to build, publish and burn your photo album on DVD or CD.

Enhance, edit, & burn your own DVDs and CDs

Convert home movies (camcorders, VHS, Hi8, or existing digital media files) to DVD or Video CD format. Use the award-winning Sonic MyDVD software to create your own interactive DVDs compatible with your PC and most DVD players.

Trust the Adaptec name

When you choose an Adaptec product, you benefit from 20-plus years of experience in making advanced technologies easy to use. We backup our products with a two-year hardware warranty plus our superior telephone and online support.

Product Highlights

- Watch & control live TV on your PC
